2022-2023 PSES Summary Report

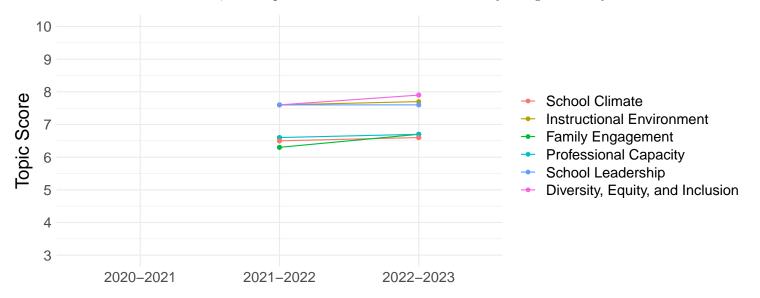

The Office of Research and Evaluation administers the annual **Philly School Experience Survey (PSES)** to District, Charter, and Alternative schools. The survey collects feedback from students, teachers, parents and guardians, school support staff, and school leaders to measure six key topics related to school improvement. For more information about the Philly School Experience Survey, please visit https://www.philasd.org/pses.

Only students in grades 3-12 participate in the survey. Data is displayed for each survey group only when there are at least five respondents and the response rate meets a minimum threshold. The minimum response rate is 25% for students and staff and 10% for parents/guardians.

Topic Trends Over Time

The graph below shows overall topic scores for this network over time. Some topic scores may be missing if response rate thresholds were not met. In 2020-21, some topic scores are unavailable due to survey changes in that year.

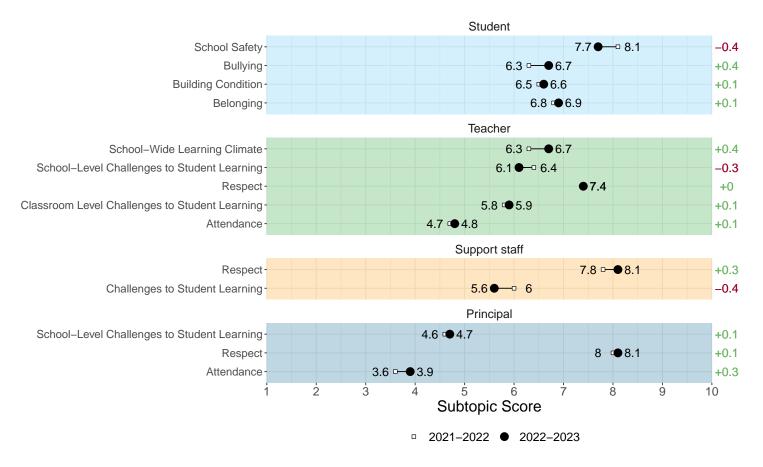

The School Climate topic score is the average of subtopic scores from the Student and Teacher surveys. All subtopic scores for these groups must be available to display the overall topic score. Note that School Climate topic scores are not available in 2020-21 due to the absence of the Building Condition subtopic in that year (because of virtual learning).
