

README EOYR_2019-2020_Open_Data
20210120 -- Initial version

This README file contains some background information and guidance on The School District of Philadelphia (SDP) End-of-Year Report (EOYR) data.

These data sets were developed in 2020 and include data for the 2019-2020 End-of-Year Reports.

The School District of Philadelphia is not able to release a scored School Progress Report for the 2019-2020 school year due to the school closures and assessment cancellations related to the COVID-19 pandemic. Instead, the District is releasing unscored end-of-year summary reports for each school to share information on the metrics that are available for the 2019-2020 school year. This file contains the data for the metrics that are included on these reports. Additional information on the 2019-2020 End-of-Year Reports is available at the School District's website: philasd.org/performance/eoy

If you have any questions or require any additional information, please contact us at opendata@philasd.org.
