

2015-2016 SCHOOL PROGRESS REPORT

User Guide

Welcome

This guide is intended to help you understand the various components that make up the SPR and will cover the following topics:

SPR Components & Scoring Overview

This section provides an overview of the SPR layout and its main components. It also provides details on how each metric and domain are scored.

Report Types

There are four SPR report types. This section explains how a school's report type is determined.

Domains

The SPR is organized into four domains: Achievement, Progress, Climate, and (for high schools only) College & Career. This section provides a brief overview of each domain.

Domain Weights

This section explains how each domain is weighted. Because the District is committed to ensuring that all students are learning, the Progress domain is weighted most heavily.

Performance Tiers

This section explains how a school's progress at the overall, domain, and metric levels is categorized into four performance tiers: Intervene, Watch, Reinforce, and Model.

City and Peer Ranks

This section explains how the SPR compares the scores of different schools. The Peer Rank accounts for differences in the student populations that schools serve and ensures that comparisons between schools are fair and equitable.

Appendices

Additional information on metric definitions; floors, targets, and points possible; and peer groups.

2012-13 2013-14 2014-15 CITY RANK PEER RANK

OVERALL: 83% MODEL

A school's overall score represents its combined performance on the Achievement, Progress, Climate, and College & Career (for high schools only) domains.

CITY LEADER
out of 82

PEER LEADER
out of 10

Metric Scores

Following the Summary Page, we provide one page for each domain on which the school has been evaluated. These domain-specific pages contain details on each performance measure within that domain. These detailed pages are formatted as in the sample below.

METRIC	METRIC SCORE	TIER	POINTS EARNED
% of Students Attending 95% or More of Instructional Days	86%	MODEL	8.00 out of 8

Metric

The SPR includes multiple measures of school progress, organized by domain. Each of these measures, or metrics, provides information about a different aspect of the school. In this example, the first metric in the Climate domain is “% of Students Attending 95% or More of Instructional Days.” The data points included to the right of the metric name provide additional detail.

Metric Score

The metric score is the actual value that a school received for a given metric. In the example above, 86% of students attended 95% or more of instructional days.

Tier

The tier indicator represents the percentage of points that a school receives on a metric (see scale on page 9). In the example above, having 86% of students attending 95% or more of instructional days means that this school has earned 100% of all possible points on this metric, putting them in the “MODEL” tier.

Points Earned

Each metric is assigned a point value or weight, which rolls up into the domain and overall scores.

Each metric also has a set floor and target. The floor represents the minimum score needed to earn points, and the target represents the minimum score needed to earn all of the points. If a school’s metric score is greater than or equal to the target, the school receives all possible points for that metric. The formula for points earned is $\frac{[(\text{Metric score}-\text{Floor})/(\text{Target}-\text{Floor})]}{1} * \text{Points Possible}$

Domain Scores

The domain-specific scores are provided at the bottom of each domain-specific page. These scores are also provided on the Summary Page along with the school's three-year trend. On the domain pages, the domain scores are formatted as in the sample below:

Climate Total: **88%** **MODEL** **17.58**
out of 20

Domain Score

The domain score is the aggregated percentage of points earned for each domain. In this example, the school received 88% of all points possible in the Climate domain.

Tier

The tier indicator represents the percentage of points that a school receives in a domain (see scale on page 9). In the example above, 88% of points earned puts this school in the "MODEL" tier for the Climate domain.

Points Earned

The sum of all points earned for the domain, out of the sum of all possible points.

Report Types

There are four SPR report types. A school's report type is determined by the grades it serves. Below is a list of sample grade spans that fall into each of the four report types.

Elementary School	K-2		K-4		K-5		K-6		3-5
-------------------	-----	--	-----	--	-----	--	-----	--	-----

K8 School	K-7		K-8		1-8		3-8		K-2, 6-8
-----------	-----	--	-----	--	-----	--	-----	--	----------

Middle School	5-8		6-7		6-8		7-8
---------------	-----	--	-----	--	-----	--	-----

High School	9-10		9-11		9-12
-------------	------	--	------	--	------

Notes:

1. Schools that serve grades K-10, K-11, K-12, 1-12, or 3-12 receive two reports: a K-8 School report and a High School report.
2. Schools that serve grades 5-12, 6-12, 6-7 and 9-12, or 7-12 receive two reports: a Middle School report and a High School report.
3. Schools that serve one grade level only do not receive a report.

Domains

There are four SPR domains.

Achievement

The Achievement domain measures performance on standardized assessments, including the Pennsylvania System of School Assessment (PSSA), Keystone Exams, and Assessing Comprehension and Communication in English State-to-State for English Language Learners (ACCESS for ELLs), and reading assessments, including but not limited to Development Reading Assessment (DRA) and Fountas & Pinnell.

Progress

The Progress domain measures growth on standardized assessments - including the PSSA, Keystone Exams, and ACCESS for ELLs - and (for high schools only) progress towards graduation. Growth on the PSSA and Keystone Exams is measured using the Pennsylvania Value-Added Assessment System (PVAAS) Average Growth Index (AGI). Progress towards graduation is measured using credit accumulation for students in grades 9-11.

Progress, On Equity is a sub-section of the Progress domain that measures growth on the PSSA and Keystone Exams for the lowest-performing 20% of students in a school.

The Pennsylvania Department of Education defines AGI as follows:

- 2.0 or higher - Significant evidence that the student group made gains
- 1.0 to 2.0 - Moderate evidence that the student group made gains
- 1.0 to 1.0 - Evidence that the student group maintained
- 1.0 to -2.0 - Moderate evidence that the student group lost ground
- 2.0 or lower - Significant evidence that the student group lost ground

Climate

The Climate domain measures student engagement and school climate, focusing on student attendance, student retention, and in- and out-of-school suspensions. We have also introduced survey results measuring student and parent/guardian perceptions of school climate as well as parent/guardian engagement.

College & Career (HS only)

The College & Career domain measures college and career readiness and post-secondary outcomes. In addition to the four-year cohort graduation rate and the first-fall college matriculation rate, we have introduced three additional metrics: participation in and performance on advanced coursework (e.g., AP, IB), participation in and performance on standardized college entrance exams (e.g., ACT, SAT), and FAFSA completion rates.

Domain Weights

Elementary School Reports

Achievement	30.00
Progress	40.00
Climate	30.00
OVERALL	100.00

K8 School Reports

Achievement	30.00
Progress	40.00
Climate	30.00
OVERALL	100.00

Middle School Reports

Achievement	30.00
Progress	40.00
Climate	30.00
OVERALL	100.00

High School Reports

Achievement	30.00
Progress	40.00
Climate	20.00
College & Career	10.00
OVERALL	100.00

Performance Tiers

A school's progress at the overall, domain, and metric levels is categorized into four performance tiers based on the percentage of possible points earned.

INTERVENE

Earned 0-24% of possible points

WATCH

Earned 25-49% of possible points

REINFORCE

Earned 50-74% of possible points

MODEL

Earned 75-100% of possible points

City Rank

The City Rank (e.g., 23rd out of 98) compares a school's overall and domain scores to those of all schools with the same grade configuration.

A school is designated a CITY LEADER if it ranks first among all schools with the same grade configuration.

Peer Rank

The Peer Rank (e.g., 4th out of 7) compares a school's overall and domain scores to those of a peer group of schools receiving the same report type, and that have similar student demographics.

A school is designated a PEER LEADER if it ranks first in its peer group.

The following school-level characteristics are used to identify peer groups:

Poverty	The percentage of students who receive Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP), or Medicaid benefits
---------	---

Ethnicity	The percentage of students who are Black/African American or Hispanic/Latino (any race)
-----------	---

Special Education Status	The percentage of students with an Individualized Education Program (IEP).
--------------------------	--

Limited English Proficiency Status	The percentage of students who are English Language Learners (ELL).
------------------------------------	---

Appendix A: Metric Definitions

Achievement

% Reading at Grade Level -
Grades K-2

The percentage of students in grades K-2 whose fourth-quarter reading level is at target level, as informed by the assessment administered at the school.

PSSA: % Proficient or
Advanced
(ES, K8, and MS only)

The percentage of students scoring proficient or advanced on the PSSA or the PASA (Pennsylvania Alternative System of Assessment). Results are calculated by subject (Mathematics, English Language Arts, and Science). A student must be enrolled for a Full Academic Year to count towards a school's score. Actual PASA results are included in order to account for the achievement of all students.

PSSA: % Advanced
(ES, K8, and MS only)

The percentage of students scoring proficient or advanced on the PSSA or the PASA (Pennsylvania Alternative System of Assessment). Results are calculated by subject (Mathematics, English Language Arts, and Science). A student must be enrolled for a Full Academic Year to count towards a school's score. Actual PASA results are included in order to account for the achievement of all students.

Keystone Exam: First-Time
Pass Rate
(HS only)

The percentage of first-time testers who score proficient or advanced on the Keystone Exams. Results are calculated by subject (Algebra I, Biology, Literature). Students are considered first-time testers if they have not previously tested in the same subject.

Keystone Exam: Re-test Pass
Rate
(HS only)

The percentage of re-testers who score proficient or advanced on the Keystone Exams. Results are calculated by subject (Algebra I, Biology, Literature). Students are considered re-testers if they have previously tested in the same subject.

Keystone Exam: % Advanced
(HS only)

The percentage of first-time testers or re-testers who score advanced on the Keystone Exams. Results are calculated by subject (Algebra I, Biology, Literature).

Access for ELLs:
% 4.5 or Above

The percentage of students scoring 4.5 or above on the composite score on the ACCESS for ELLs. (A score of 4.5 aligns to the state standard for proficiency.)

Progress

PSSA: Average Growth Index
(ES, K8, and MS only)

A measure of student growth across tested grade levels in a school. For PSSA, AGI is calculated by subject (Mathematics, ELA, and Science). For PSSA Science, AGI is calculated separately by grade level. A student must be enrolled for a Full Academic Year and have at least two years of data to count towards a school's score.

Keystone Exam: Average
Growth Index
(HS only)

A measure of student growth across tested grade levels in a school. For Keystone Exams, AGI is calculated by subject (Algebra I, Biology, Literature). A student must be enrolled for a Full Academic Year and have at least two years of data to count towards a school's score.

ACCESS for ELLs:
% Growth in 75th Percentile
or Above

The percentage of students with growth in the 75th percentile or above on the ACCESS for ELLs. National norms are used to determine growth standards.

% of On-Track Students
Earning Credits Required For
Promotion (HS only)

The percentage of on-track students in grades 9-11 who earn the number of credits required for promotion to the next grade level by the end of the school year. Students are considered on-track if they have not repeated grades or failed to earn the number of credits required for promotion in the prior school year. A student must be enrolled for a minimum of 165 days to count towards a school's score.

% of Off-Track Students
Earning Five or More Credits
(HS only)

The percentage of off-track students in grades 9-11 who earn the number of credits required for promotion to the next grade level by the end of school year. Students are considered off-track if they have repeated grades or failed to earn the number of credits required for promotion in the prior school year. A student must be enrolled for a minimum of 165 days to count towards a school's score.

PSSA:
AGI for Lowest-Performing
20% of Students

A measure of student growth for the lowest performing 20% of students across tested grade levels in a school. For PSSA, AGI for this subgroup is calculated by subject for Mathematics and ELA only. A student must be enrolled for a Full Academic Year and have at least two years of data to count towards a school's score.

Keystone Exam:
AGI for Lowest-Performing
20% of Students

A measure of student growth for the lowest performing 20% of students across tested grade levels in a school. For Keystone Exams, AGI for this subgroup is calculated by subject for Algebra I, Biology, and Literature. A student must be enrolled for a Full Academic Year and have at least two years of data to count towards a school's score.

Climate

% of Students Attending 95%
or More of Instructional Days

The percentage of students who attend 95% or more of instructional days. A student must be enrolled for a minimum of 10 days to count towards a school's score.

Annual Retention Rate

The percentage of students who remain enrolled in a school from the time they enter until June and subsequently remain on roll as of October 1 of the following school year. High School graduates and students in a terminal grade, however, are expected to remain enrolled through the last day of classes in June.

% of Students with Zero
In-School Suspensions

The percentage of students with zero in-school suspensions during the school year. A student must be enrolled for a minimum of 10 days to count towards a school's score

% of Students with Zero
Out-of-School Suspensions

The percentage of students with zero out-of-school suspensions during the school year. A student must be enrolled for a minimum of 10 days to count towards a school's score.

Student Survey: School
Climate Rating
(% of students responding most
positively)

The metric score is defined as the percentage of students who responded most positively about the school's climate. Student participation rates are embedded in the climate rating and default to zero if the minimum participation threshold of the greater of 25% of students in grades 3-12, or 50, is not met.

Parent/Guardian Survey:
School Climate Rating
(% of parents responding most
positively)

The metric score is defined as the percentage of parents who responded most positively about the school's climate. Parent/Guardian participation rates are embedded in the climate rating and default to zero if the minimum participation threshold of the greater of 5% of students in grades 3-12, or 25, is not met.

Parent/Guardian Survey:
Participation Rate

The percentage of parents/guardians who completed the annual survey. If a school did not meet the minimum participation threshold of 5%, the school's score defaults to zero.

College & Career

Four-Year Cohort Graduation Rate

The percentage of students in a first-time, ninth-grade cohort who graduate within four years (excluding students including, but not limited to, those who moved out of the State, are displaced, are placed in long term hospital care, or transferred to private or cyber schools). Students are attributed to the last school they attend in the four-year window, which ends on September 30 of their expected graduation year.

First-Fall College Matriculation Rate

The percentage of annual graduates who enroll in any post-secondary institution in the first-fall following their graduation date.

AP & IB Exams Participation & Performance

The percentage of 12th graders who have scored a 3 or higher on an Advanced Placement exam or scored a 4 or higher on an International Baccalaureate exam. A student must be enrolled for a minimum of 165 days to count towards a school's score.

SAT & ACT Exams Participation & Performance

The percentage of 12th graders who have scored the ACT College Readiness Benchmark (18 or higher on English, 22 or higher on Mathematics, 22 or higher on Reading, and 23 or higher on Science) or the SAT College and Career Readiness Benchmark (1550 or higher). A student must be enrolled for a minimum of 165 days to count towards a school's score.

FAFSA Completion Rate*

The percentage of 12th graders who completed a Federal Application for Federal Student Aid (FAFSA) form. A student must be enrolled for a minimum of 165 days to count towards a school's score.

*Starting in School Year 2014-2015, FAFSA data transitioned from a Federal pilot program to the Pennsylvania Higher Education Assistance Agency (PHEAA). The data received could not be validated, and is therefore being suppressed for School Year 2014-2015.

Educator Effectiveness

% of Teachers Receiving an Effectiveness Rating of Distinguished

The percentage of teachers in a formal observation year who receive an effectiveness rating of Distinguished, at a given school.

% of Teachers Receiving an Observation Score of Distinguished in Instruction

The percentage of teachers in a formal observation year who receive an observation score of Distinguished in Domain 3 - Instruction at a given school.

% of Teachers Attending 95% or More of Days

The percentage of teachers who attend 95% or more of days.

Student Survey: Student Perception of Quality of Teacher Practice

The percentage of students who responded most positively about their teachers methods and practices. Student participation rates are embedded in the climate rating and default to zero if the minimum participation threshold of the greater of 25% of students in grades 3-12, or 50, is not met.

Appendix B: Floors, Targets, and Points Possible

Elementary Schools

ACHIEVEMENT METRICS	FLOOR	TARGET	PTS POSSIBLE
% Reading at Grade Level - Grades K-2	25	65	3
PSSA ELA: % Proficient or Advanced	20	100	9
PSSA ELA: % Advanced	0	25	2
